

Introduction to Linear Modelling with R

Welcome! We will start at **9:35 am**.

Meanwhile, **please**

- ▶ **1/ Login to the course environment via a web browser**, following the instructions you received from Paul by email this morning (we recommend <https://www.google.co.uk/chrome/>), R-Studio should welcome you after login.
- ▶ **2/ Go to the site website** <http://tinyurl.com/linear-models-r>

Dom (Couturier) / Rob (Nicholls) / Mark (Fernandes)

Timetable

Morning

- ▶ 09:30–09:45 **Welcome (to zoom)** [Paul]
- ▶ 09:45–10:15 **Introduction to RStudio and Markdown** [Dom]
- ▶ 10:15–11:45 **Anova** [Dom]
 - ▶ lecture / relevant functions in R / practicals
 - ▶ 11:00 – 10mn Coffee & Tea break
- ▶ 11:45–13:15 **Simple Regression** [Rob]
 - ▶ lecture / relevant functions in R / practicals

13:15–14:00 – Lunch break

Afternoon

- ▶ 14:00–15:15 **Multiple Regression** [Rob]
 - ▶ lecture / relevant functions in R / practicals
 - ▶ 15:15 – 10mn Coffee & Tea break
- ▶ 15:30–16:45 **Generalised Linear Models** [Dom]
 - ▶ lecture / relevant functions in R / practicals
- ▶ 16:45–17:15 **Time Series** [Rob]
 - ▶ lecture / relevant functions in R / practicals
- ▶ 17:15 **Conclusion**
